

Bernard Westhues

Dates of service: 29 Aug 1944 to 22 Feb 1946

Familial link to William & Theresa: 3rd generation through Ben & Viola Westhues

Notable actions/deployments/stories:

Bernard was only in the navy for about two years. He started out in Chicago. There he met Jonesy and would write home about Jonesy and my dad said he must be a really good buddy. It turned out the 'Jonesy' was Helen Jones who became his wife while he serving there. He then went to sea, but only got as far as Guam. Bernard came home in March after the war.
